An update regarding the renovation project for the Meeting Hall for the church in Stuttgart

July 6, 2026

History

- The church in Stuttgart was originally established in 1976.
- Brother Witness Lee visited Stuttgart in the late 70s and early 80s. The messages he released during those visits were published under the two titles „The kernel of the Bible“ and „God’s New Testament Economy“.
- For many years, the church has been renting facilities for its use and for blending with other localities. the church was searching for a suitable meeting hall near the university.
- In 2022, the church finally found a suitable meeting hall in an excellent location, easily accessible by public transportation and located right next to a very nice public park.
- Through the prayers of the saints and the rich supply in the Body a suitable meeting hall was purchased in 2023.
- While waiting for the approval from the city, some saints from USA and the local saints were able to clear out the entire meeting hall.
- The first major contract was signed in May 2026 and renovation work was begun soon after.
