Importance of Dublin

Dublin continues to hold strategic importance in the Recovery as one of nine target cities in Europe, and the only predominantly English-speaking capital city in the EU. It is also a city of deep significance in the history of the Lord's move, as the place where the early Brethren began, which Brother Nee described in *The Orthodoxy of the Church:*

"In 1825 in Dublin, the capital of Ireland, there were several believers whose hearts were moved by God to love all the children of the Lord, regardless of their denomination. This kind of love was not to be frustrated by the walls of denomination. They began to see that in the Scriptures God says there is but one Body of Christ, regardless of how many sects men may divide her into."
